with questions.

A PERSONALIZED LEARNING PLAN

- Students will work at their own pace, with the flexibility to complete work from anywhere. They'll receive individual support from highly-qualified teachers.

- Students may participate in all Coatesville Area School District extra-curricular activities, including sports, and will earn a Coatesville diploma.

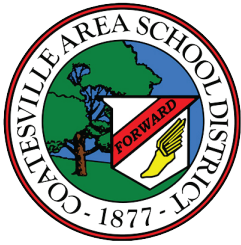

- Students are taught a high-quality, standards-based curriculum by PA certified teachers. They are encouraged to take ownership of their own success, but are supported in those efforts.

- High School students will have the opportunity for dual enrollment in college classes, Advanced Placement courses, and Honors classes.

Your child's success is our priority!

If you need another educational option for your child, join our Coatesville Cyber Academy family today!

COATESVILLE CYBER ACADEMY

We Are Invested in Each Student's Success

Technology

- Coatesville Area School District provides each student with a free Chromebook.
- Students will have access to on-demand technical support.
- Orientation for all new students will be conducted to ensure a smooth start.

Student Support and Resources

- All students are assigned a CASD Teacher Mentor who tracks student progress, communicates with families and develops plans for success.
- Coatesville Cyber Academy is fully staffed with CASD teachers for core content area classes and highly qualified Accelerate Education teachers for related arts and electives.
- Teachers are available virtually and in-person, at our Drop-In Center, Monday-Friday 8:00 AM- 2:30 PM.
- Students will learn Digital Citizenship and how to be successful as a member of the online community.

Campus Connections and Involvement

- All students have the opportunity to participate in extra-curricular activities at Coatesville schools such as: Athletics, Cheerleading, Prom, Band, Chorus, Instrumental Music, ROTC, School Clubs, Musicals, Field Trips, Homecoming, National Honors Program, National History Day, Graduation, Literacy Nights, Clubs, Assemblies, Picture Day, and more.
- All Coatesville Cyber Academy students who graduate will receive a Coatesville Area School District diploma and have the opportunity to participate in the Coatesville High School graduation.

Academic Options

- 14 different Advanced Placement courses
- Honors classes
- Special Education supports
- STEM course offerings
- World Language course offerings
- K-12 arts classes, including music and art
- A full range of middle school and high school electives, including: architectural design, web design, social media business marketing, health career, augmented and virtual reality applications, entrepreneurship and small business, intro to education and teaching
