

Music Department Board Presentation 2022

Goals 2022-2023 School Year

Increase participation in the music program

- We will communicate to teachers and parents prior to scheduling to streamline course selection process.
- Recruitment assemblies right before scheduling
- Obtain class lists of participant from the year prior to retain current music students.
- Participation at community events, field trip performances and festivals
- Survey student interests to determine new course offerings

Goals 2023-2024 School Year

Increase participation in the music program

- Work with Administration to increase the weight value for courses offered at high school for the following school year, in order to help support students GPAs
- Level the ensemble classes at the high school by skill level
- Continue to explore more performance opportunities
- Explore options of adding 3rd grade strings and/or chorus
- Add beginning instrumental course offerings at the middle school level
- Recruitment events for both instrumental and choral programs at all levels
- Based on student survey results, create new course offerings

Goal for 2024-2025 School Year
**Increase Course offerings at the middle school and
high school levels.**

- Offer new courses created from student interest surveys
- Offer middle school general music
- Re-evaluate recruitment efforts during previous school years at all levels and begin to look ahead to the next 3 years
